Item 4 – Advisory Business

A. Firm Information

SeaCure Advisors LLC (herein “SeaCure” or the “Advisor”) is a registered investment advisor in the States of Florida, Kentucky and Massachusetts, which is organized as a limited liability company (“LLC”) under the laws of Florida. SeaCure was founded in June 2013 and became a registered investment advisor in April 2014. SeaCure is owned and operated by Carolyn B. Howard (Managing Member). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by SeaCure.

The Advisor serves as a fiduciary to Clients, as defined under applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Our fiduciary commitment is further described in our Code of Ethics. For more information regarding our Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

B. Advisory Services Offered

SeaCure offers investment advisory services to individuals, high net worth individuals, trusts, estates and retirement plans in Florida, Kentucky, Massachusetts and other states (each referred to as a “Client”).

Investment Advisory Services

SeaCure provides customized investment advisory solutions for its Clients. SeaCure provides discretionary investment management services for its Clients. SeaCure works with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. SeaCure will typically utilize various investment management programs to implement the portfolio strategy.

SeaCure typically recommend to Clients that all or a portion of their portfolio be implemented by utilizing one or more unaffiliated money managers participating in a turnkey asset management program (“TAMP”). The Client will then enter into a program and investment advisory agreement with the TAMP (the “Program Sponsor”) and the participating money manager[s]. The Advisor will assist and advise the Client in establishing investment objectives for the account[s], the selection of the money manager[s], and defining any restrictions on the account[s] and determining any changes to portfolio strategy. SeaCure will provide ongoing oversight of the Client accounts and the activities of the unaffiliated money managers selected to manage the Client’s assets.

These money managers will develop an investment strategy to meet those objectives by identifying appropriate investments and monitoring such investments. In consideration for such services, the Program Sponsor will charge a program fee that includes the investment advisory fee of the money managers, the administration of the program and trading, clearance and settlement costs. The Program Sponsor will add SeaCure’s investment advisory fee (described below in Item 5) and will deduct the overall fee from the Client’s account[s] on a monthly or quarterly basis. The asset-based program fee is tiered and varies depending on the size of the account[s], the asset class of the underlying securities and the sub-advisor selected. The overall fee (including the Advisor’s investment advisory fee) will not exceed 3% annually.

SeaCure does not receive any compensation from these unaffiliated money managers or the Program Sponsor, other than SeaCure’s investment advisory fee (described in Item 5).

The Client, prior to entering into an agreement with a Program Sponsor, will be provided with the Program Sponsor’s Form ADV Part 2A (or a brochure that makes the appropriate disclosures). In addition, SeaCure and its Client will agree in writing that that selected Program Sponsor will manage the Client’s account[s] on a discretionary basis.

Financial Planning Services

SeaCure will typically provide a variety of financial planning services to Clients, pursuant to a written financial planning agreement. Services are offered in several areas of a Client’s financial situation, depending on their goals, objectives and financial situation.

SeaCure Advisors LLC

Phone: (877) 328-4037

Florida Address: 677 North Washington Blvd., Sarasota, FL 34236

Kentucky Address: 219 East High Street, Lexington, KY 40507

<http://www.seacureadvisors.com>

Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation based on the Client's financial goals and objectives. This planning may encompass one or more areas of need, including, but not limited to investment planning, retirement planning, personal savings, education savings and other areas of a Client's financial situation.

A financial plan developed for or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs. SeaCure may also refer Clients to an accountant, attorney or another specialist, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning recommendations may pose a potential conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to execute the transaction through the Advisor.

In addition to investment advisory services, Ms. Howard also consults other Registered Investment Advisor's on how to breakaway from their current broker-dealer registration.

Retirement Plan Advisory Services

SeaCure provides advisory services to retirement plans (each a "Plan") and the company sponsor (the "Plan Sponsor"). The Advisor provides both advisory and non-advisory services to the Plan, the Plan Sponsor and the Plan Participants. The Advisor's services typically include:

- Employee Enrollment and Education Tracking
- Investment Policy Statement ("IPS") Design and Monitoring
- Investment Due Diligence
- Investment Management Services (Discretionary)
- Performance Reporting
- Ongoing Investment Recommendation and Assistance
- ERISA 404(c) Assistance
- Benchmarking Services

C. Client Account Management

Prior to engaging SeaCure to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – SeaCure, in connection with the Client, will develop an investment strategy targeted to achieve the Client's investment goals and objectives.
- Asset Allocation – SeaCure will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance of risk for each Client.
- Portfolio Construction – SeaCure will develop a portfolio strategy for the Client that is intended to meet the stated goals and objectives of the Client.

- Investment Supervision – SeaCure will provide ongoing investment oversight of the Client’s investment portfolio.

SeaCure does not manage a wrap fee program. If the Advisor suggests a wrap fee program offered by a TAMP, the Advisor will also provide the Client with a copy of the applicable wrap program brochure.

E. Assets Under Management

As of December 31, 2017, SeaCure manages the following assets:

Discretionary Assets	\$11,723,388
Non-Discretionary Assets	903,035
Total Assets Under Management	\$12,626,423

Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client shall sign one or more agreements with the Advisor that detail the responsibilities of SeaCure and the Client.

A. Fees for Advisory Services

Investment Advisory Services

Investment advisory fees are billed monthly or quarterly (the “billing period”) in arrears, based on the terms of the investment advisory agreement. Fees are billed at an annual rate of up to 1.00% of assets under management. The Client’s fee will be deducted from the Client’s account[s] with the respective Independent Manager and a portion of the fee will be provided to the Advisor based on SeaCure’s agreement with the Client. SeaCure is responsible for negotiating the fees with the Independent Manager on behalf of the Client. SeaCure does not receive any compensation or fees from any Independent Manager. The Client’s fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by SeaCure will be independently valued by the Custodian or TAMP. SeaCure will not have the authority or responsibility to value portfolio securities.

Financial Planning Services

SeaCure offers financial planning services at an hourly rate of \$200 per hour or as a fixed engagement fee. Fixed fees generally range from \$3,000 to \$10,000, but may be higher for more complex or long-term engagements. Fees are negotiable and based on the nature and complexity of each Client’s circumstances. An estimate of total fees will be provided to the Client prior to engaging for these services.

Retirement Plan Advisory Services

Fees for retirement plan advisory services are charged an annual asset-based fee of up to 1.00%. Fees may be negotiable depending on the size and complexity of the Plan.

The Advisor’s fee is exclusive of, and in addition to, brokerage fees, transaction fees, and other related costs and expenses, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

B. Fee Billing

Investment Advisory Services

Investment advisory fees are calculated by the Custodian or Program Sponsor and deducted from the Client’s account[s] at the Custodian. The Client shall instruct the Custodian or Program Sponsor to automatically deduct the investment advisory fee from the Client’s account[s] for the respective billing period and pay the investment advisory fee to the Advisor. The amount due is calculated by applying the billing period rate (annual rate divided by

12 or 4, respectively) to the total assets under management with SeaCure at the end of each billing period. Clients will be provided with a statement, at least quarterly, from the Custodian or Program Sponsor reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting SeaCure to be paid directly from their accounts held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Financial Planning Services

Financial planning fees are typically invoiced fifty percent (50%) of the expected total fee upon execution of the financial planning agreement. The balance shall be invoiced upon completion of the agreed upon deliverable[s].

Retirement Plan Advisory Services

SeaCure is compensated for its services at the end of the billing period after advisory services are rendered. Fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than SeaCure, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian. The investment advisory fee charged by SeaCure is separate and distinct from these custody and execution fees.

In addition, all fees paid to SeaCure for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of SeaCure, but would not receive the services provided by SeaCure which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by SeaCure to fully understand the total fees to be paid.

D. Advance Payment of Fees and Termination

Investment Advisory Services

SeaCure is compensated for its investment advisory services at the end of the billing period, after services are rendered. Either party may request to terminate their investment advisory agreement with SeaCure, at any time, by providing written notice to the other party. The Client may also terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Client shall be responsible for investment advisory fees and applicable Program Sponsor Fees up to and including the date written notice of termination is received. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Financial Planning Services

SeaCure may be partially compensated for its financial planning services at the start of the planning engagement. Either party may request to terminate their financial planning agreement with SeaCure, at any time, by providing seven (7) days written notice to the other party. In addition, the Client may terminate the agreement within five (5) business days of signing the Advisor's financial planning or consulting agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Client shall be responsible for fees based on the hours worked by the Advisor or the percentage completed for a fixed fee engagement. Any unearned, prepaid fees will be promptly refunded. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

Retirement Plan Advisory Services

SeaCure is compensated for its retirement plan advisory services at the end of the billing period, after services are rendered. The Client may also terminate the retirement plan advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Either party may request to terminate their services with SeaCure, at any time, by providing advance written notice to the other party. The Client shall be responsible for investment advisory fees up to and including the effective date of termination. The Client's retirement plan services agreement with the Advisor is non-transferable without the Client's written approval.

E. Compensation for Sales of Securities

SeaCure does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Item 6 – Performance-Based Fees and Side-By-Side Management

SeaCure does not charge performance-based fees for its investment advisory services. The fees charged by SeaCure are as described in Item 5 – Fees and Compensation above and are not based upon the capital appreciation of the funds or securities held by any Client.

SeaCure does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

SeaCure offers investment advisory services to individuals, high net worth individuals, trusts, estates and retirement plans. The amount of each type of Client is available on the Advisor's Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor. SeaCure generally does not impose a minimum account size for establishing a relationship.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

SeaCure primarily utilizes the investment management services of unaffiliated money managers. SeaCure generally advocates a long-term investment strategy for its Clients, as consistent with their financial goals. However, certain managers may hold all or a portion of a security for more than a year, but may also hold for shorter periods consistent with the respective investment mandate.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. SeaCure will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process.

Following are some of the risks associated with the Advisor's strategy:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of an ETF is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs have a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Mutual Fund Risks

The performance of a mutual fund is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving SeaCure or any of its Supervised Persons.

SeaCure values the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider in which you partner. Our backgrounds are on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with our firm name or our CRD# 170079. In addition, Clients may also obtain information relating to the disciplinary history of any investment advisor representative conducting business in Massachusetts by contacting the Commonwealth of Massachusetts Securities Division at (617) 727-3548.

Item 10 – Other Financial Industry Activities and Affiliations

Agency Affiliations

Advisory Persons of SeaCure are also licensed insurance professionals. Insurance recommendations and implementations are separate and apart from one's role with SeaCure. As insurance professionals, Advisory Persons may receive customary commissions and other related revenues from the various insurance companies whose products are sold. Advisory Persons are not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This may cause a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by the Advisor or its Advisory Persons.

Unaffiliated Money Manager

The Advisor may recommend that all or a portion of a Client's portfolio be implemented using one or more Program Sponsor. Please see item 4 above as well as Item 14.

Ms. Breeze is the Owner and Operator of Breeze Financial, LLC, an independent insurance firm. In her separate role with Breeze Financial, Ms. Breeze advises, counsels and sells various insurance products to individuals and groups of employees. Clients are under no obligation to implement any recommendations made by Ms. Breeze.

Mr. Miller is the Owner and Operator of Miller Financial Group, an independent insurance firm. In his separate role with Miller Financial Group, Mr. Miller advises, counsels and sells various insurance products to individuals and groups of employees. Clients are under no obligation to implement any recommendations made by Mr. Miller.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

SeaCure has implemented a Code of Ethics (the “Code”) that defines our fiduciary commitment to each Client. This Code applies to all persons associated with SeaCure (our “Supervised Persons”). The Code was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. SeaCure and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of SeaCure associates to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of our Code, please contact us at (877) 328-4037.

B. Personal Trading with Material Interest

SeaCure allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. SeaCure does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. SeaCure does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

SeaCure allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that we recommend (purchase or sell) to you presents a potential conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted a Code, which addresses insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts, Supervised Persons of SeaCure may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by SeaCure requiring reporting of personal securities, trades by its employees for review by the Chief Compliance Officer (“CCO”). We have also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While SeaCure allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will SeaCure, or any Supervised Person of SeaCure, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

SeaCure does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the “Custodian”) to safeguard Client assets and authorize SeaCure to direct trades to the Custodian as agreed in the investment advisory agreement and separate forms provided by the Program Sponsor, as applicable. Further, SeaCure does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where SeaCure does not exercise discretion over the selection of the Custodian, it will typically recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a Custodian not recommended by SeaCure. However, the services offered by SeaCure may be limited. SeaCure may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and/or its reputation. SeaCure will generally recommend that Clients establish their account[s] at SEI Private Trust Company, a subsidiary of SEI Investments Company ("SPTC"). SeaCure, through certain managed account programs, may have Clients establish their accounts at Fidelity Clearing & Custody Solutions and its affiliated entities under Fidelity Investments, Inc. (collectively "Fidelity"), Charles Schwab & Co., Inc. ("Schwab") or TD Ameritrade, Inc. ("TD Ameritrade"), FINRA registered broker-dealers and members SIPC. SPTC, Fidelity, Schwab or TD Ameritrade (the "Custodians") will serve as the Client's "qualified custodian". Additionally, SeaCure maintains an institutional relationship with SPTC. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodian whereby an advisor enters into an agreement to place security trades with the broker-dealer/custodian in exchange for research and other services. SeaCure does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor does receive certain benefits from the Custodians, as detailed in Item 14 below.

2. Brokerage Referrals - SeaCure does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where SeaCure will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s] at the Custodian. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). SeaCure will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

Although SeaCure does not aggregate or "batch" trades, the primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. SeaCure or the Unaffiliated Money Manager[s] will execute each transaction through the Custodian designated by the Client. SeaCure or the Unaffiliated Money Manager[s] will seek to execute securities transactions by the close of each business day in a manner that does not consistently advantage or disadvantage any particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Ms. Howard, Chief Compliance Officer of SeaCure. Formal reviews are generally conducted at least annually more frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify SeaCure if changes

occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may, on an ad-hoc basis, also provide Clients with periodic written reports regarding their holdings, allocations, performance, and other account details.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by SeaCure

Participation in Institutional Advisor Platform

SeaCure has established an institutional relationship with SPTC to assist the Advisor in managing Client account[s]. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at SPTC. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of a custodian over one that does not furnish similar software, systems support, or services. Additionally, the Advisor may receive the following benefits from SPTC: receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

Unaffiliated Money Manager

The Advisor may be indirectly compensated by the Program Sponsor as described in Item 5 above and does not receive any other forms of compensation with such arrangements.

B. Client Referrals from Solicitors

SeaCure does not engage paid solicitors for Client referrals.

Item 15 – Custody

SeaCure does not accept or maintain custody of any Client accounts, other than the authorized deduction of the Advisor's fees. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct SeaCure to utilize the Custodian for the Client's security transactions. SeaCure encourages Clients to review statements provided by the Custodian. For more information about custodians and brokerage practices, see Item 12.

Item 16 – Investment Discretion

SeaCure generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by SeaCure. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by SeaCure will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

SeaCure does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither SeaCure, nor its management, have any adverse financial situations that would reasonably impair the ability of SeaCure to meet all obligations to its Clients. Neither SeaCure, nor any of its advisory persons, has been subject to a bankruptcy or financial compromise.
